FOIA Number: 2002-1764-F

Scope and Content Note:

The materials in FOIA 2002-1764-F are a selective, not necessarily all inclusive, body of documents responsive to the topic of the FOIA. Researchers should consult the archivist about related materials. FOIA 2002-1764-F contains materials from the files of the National Security Council, Special Assistant to the President and Deputy Press Secretary for Foreign Affairs Roman Popadiuk. 2002-1764-F 1 2002-1764-F 2 The Staff and Office Files contain correspondence from foreign journalists and news organization representatives requesting interviews with (primarily) President Bush and members of his administration as well as the responses to the requestors from the White House Staff regarding whether the interviews were to be accepted or regretted. There are very few records between staff members discussing the merits of the interview requests; those which are included are of a routine nature. In addition to interview correspondence, this request contains several internal transcripts and press releases of presidential interviews.

Processed by: Staff Archivists, October, 2005. Previously restricted materials are added as they are released.
