Records on NSR [National Security Review] 28

FOIA Number: 2006-0701-F

Scope and Content Note:

The materials in FOIA 2006-0701-F are a selective, not necessarily all inclusive, body of documents responsive to the topic of the FOIA. Researchers should consult the archivist about related materials. The materials associated with 2006-0701-F were generated by the National Security Council (NSC). The main documents are dated February-June 1991 and consist of materials related to an NSC policy paper (known as a National Security Review). The White House Staff and Office Files contain cover sheets, transmittal memoranda, memoranda 2006-0701-F 2 concerning discussions about NSR 28, and the actual NSR itself. Virtually all of the materials have been closed for national security, however.

Processed by: Staff Archivists, May 2006. Previously restricted materials are added as they are released.
