FOIA Number: 2018-0937-F

Scope and Content Note:

The materials in FOIA 2018-0937-F are a selective, not necessarily all inclusive, body of documents responsive to the topic of the FOIA. Researchers should consult the archivist about related materials. FOIA 2018-0937-F contains materials from agencies and individuals including the United States Information Agency (USIA) which is responsible for the U.S. government's overseas information and cultural programs; and the Voice of America (VOA) and Radio Marti, which are programs under the jurisdiction of the USIA. During the Bush administration, the directors of the USIA were Bruce Gelb and Henry Catto. The White House Office of Records Management (WHORM) Alphabetical Files contain letters between Paul Weyrich and the White House. The WHORM Subject File categories contain correspondence; memoranda; news clippings; and brochures from the general public, Congress, and the Bush administration. Topics covered by these records include Paul Weyrich and the Free Congress Foundation, Robert Kriebel, International Policy Forum, Council for National Policy, the American University in Moscow, and the movie "Russia House." The Staff and Office Files contain correspondence, memoranda, and publications maintained by individual staff members and offices. These files contain records related to Paul Weyrich and the Free Congress, the appointment of Robert Kriebel to the Citizens Democracy Corps, and the White House screening of the film "Russia House." The Bush Vice Presidential records primarily contain invitations for President Bush to participate in events with the Council for National Policy and the Free Congress Foundation. There is also information concerning a meeting with New Hampshire Governor John Sununu and Paul Weyrich. The Quayle Vice Presidential Records contain schedules and memos related to events in which Vice President Quayle participated for the Council for National Policy and the Free Congress Foundation.

Processed by: Staff Archivists, July 2019. Previously restricted materials are added as they are released.
