

## [Selected Records on Global Climate Change](#)

**FOIA Number:** 2017-0310-F

**Scope and Content Note:**

The materials in FOIA 2017-0310-F are a selective, not necessarily all inclusive, body of documents responsive to the topic of the FOIA. Researchers should consult the archivist about related materials. The Staff and Office Files contain correspondence, reports, and publications maintained by individual staff members and offices. The majority of the files are from the White House Counsels Office and contain correspondence between the White House and cabinet officials concerning the development of U.S. global climate change policy. Included among the memoranda are agency reports and papers on topics such as greenhouse gas effects, international agreements on climate change, and economic impacts of climate change. There are also documents concerning the Intergovernmental Panel on Climate Change (IPCC).

**Processed by:** Staff Archivists, March 2017. Previously restricted materials are added as they are released.
