FOIA Number: 1998-0072-F

Scope and Content Note:

The materials in FOIA 1998-0072-F are a selective, not necessarily all inclusive, body of documents responsive to the topic of the FOIA. Researchers should consult the archivist about related materials. FOIA 1998-0072-F contains letters, memoranda, reports, and printed material related to computers and computer technology. Materials in the collection documents the purchase, use, and maintenance of White House computers; technology transfer; the commercialization of technology; and technology in education. Most of the materials are of a highly routine nature and are open. No information about Bill 1998-0072-F 2 Gates or the development of Microsoft was discovered for this FOIA request.

Processed by: Staff Archivists, March 1998. Previously restricted materials are added as they are released.
