

[NSC Numbered Files Relating to NATO](#)

FOIA Number: 2009-0789-F

Scope and Content Note:

The materials in FOIA 2009-0789-F are a selective, not necessarily all inclusive, body of documents responsive to the topic of the FOIA. Researchers should consult the archivist about related materials. FOIA 2009-0789-F records consist of National Security Council (NSC) numbered files, some of which were transferred to the White House Office of Records Management (WHORM), pertaining to NATO. These records include memoranda, memcons, telcons, correspondence, schedules, reports, speeches, and printed material concerning the role of NATO, the NATO position on treaty negotiations, meetings, and travel requests and schedules to NATO summits, conferences, and other events. Notable open records include memcons and telcons (memoranda of conversations and telephone conversations, respectively) between President Bush and NATO Secretary General Manfred Woerner, and the leaders of several NATO member countries.

Processed by: Staff Archivists, January 2011 - February 2011. Previously restricted materials are added as they are released.
