FOIA Number: 2011-0286-F

Scope and Content Note:

The materials in FOIA 2011-0286-F are a selective, not necessarily all inclusive, body of documents responsive to the topic of the FOIA. Researchers should consult the archivist about related materials. FOIA 2011-0286-F contains material from the Country Files of Heather Wilson, a Director for Defense Policy and Arms Control on the National Security Council during the George H.W. Bush Administration. At this time the majority of the records in this request are security classified and have been closed under the restrictions of the Freedom of Information Act. The open records consist of cables, memoranda, reports, 2011-0286-F 2 and statements. The unclassified, redacted FBIS reports and cables regard information on Soviet troop withdrawals from Czechoslovakia, Hungary, Poland, and Germany. Memoranda consist of declassified cover memos for attached information on official Presidential meetings with Portuguese Prime Minister Cavaco Silva in 1990 and Chancellor Kohl of Germany in 1991, along with a list of participants for each meeting. The draft Presidential statements relate to the 1990 arrival ceremony and state dinner for Prime Minister Andreotti of Italy.

Processed by: Staff Archivists, May 2011. Previously restricted materials are added as they are released.
